

## **Congratulations!**

### **This smartphone is TCO Certified – for Sustainable IT**

TCO Certified is an international third party sustainability certification for IT products. TCO Certified ensures that the manufacture, use and recycling of IT products reflect environmental, social and economic responsibility. TCO Certified is your assurance of a device that has been designed to meet your sustainability needs.

This smartphone model has been independently tested and verified to meet all the criteria in TCO Certified, including:

#### **Socially Responsible Manufacturing**

Manufacturer is committed to international labor conventions and laws to protect workers in production facilities.

#### **Energy Efficiency of power supply**

#### **Environmental Management System – either ISO 14001 or EMAS**

#### **Minimization of Hazardous Substances**

Restrictions on nickel surfaces, cadmium, mercury, lead, phthalates and other hazardous substances

#### **Design for Recycling**

Coding of plastics for easy recycling.

#### **Product Lifetime, Take Back**

Minimum one-year product warranty and three-year availability of spare parts. Product takeback. Replaceable battery.

#### **Packaging**

Limits on hazardous substances in product packaging. Packaging prepared for recycling

#### **Ergonomic, User-centered design**

Display performance, image quality, headset supplied

#### **Third Party Testing**

All certified product models have been tested in an independent, accredited laboratory.

A detailed criteria set is available for download at [www.tcodevelopment.com](http://www.tcodevelopment.com), where you can also find a searchable database of all TCO Certified IT products.

### **About TCO Development**

TCO Development advances sustainable IT is the organisation behind TCO Certified, the third party sustainability certification for IT products. Professional IT purchasers worldwide choose TCO Certified products as part of their sustainable IT strategy. Products achieving TCO Certified meet a broad series of criteria to ensure that manufacturing, use and recycling is carried out with consideration for environmental, social and economic responsibility. TCO Certified is available for displays, notebooks, tablets, desktops, all-in-one PCs, smartphones, projectors and headsets. TCO Development is headquartered in Stockholm, Sweden, with regional presence in North America and Asia.
